EPOS TCS Geomagnetic Observations meeting with Users and Providers in Prague, 18-19 June 2019

Tuesday, June 18, 2019 to Wednesday, June 19, 2019

Location:

Prague, Czech Republic

The EPOS [TCS](#) Geomagnetic Observations team invites users and providers of geomagnetic and magnetotelluric data to the meeting which will be organised at the Institute of Geophysics of the Czech Academy of Sciences, in Prague the 18th and 19th of June 2019.

The recent state of integration of geomagnetic and magnetotelluric data and services will be discussed and future development outlined.

Contributions of participants on data collection and usage are welcome.

The meeting is organized on the occasion of the 180th anniversary of the regular magnetic observations at Prague Observatory.

Deadlines:

- Grant application: February 28, 2019
- Registration: May 15, 2019
