EPOS Implementation Phase Project final event in Madrid, 25-27 September 2019

Wednesday, September 25, 2019 to Friday, September 27, 2019

Location:

Madrid, Spain

After four years of activities, the EPOS IP project is organising its final event. The event will take place in Madrid, Spain on the 25 - 27 September 2019 at [Hotel Santo Domingo](#).

The first day, on the 25th of September 2019, the EPOS IP project' partners will have the opportunity to discuss the achievements, the exploitation of results and the impact of the whole implementation phase.

The second day, on the 26th September 2019, will be a great opportunity for the EPOS community to gain an insight of the community building and the data and service provision established by the EPOS IP Thematic Core Services ([TCS](#)).

The event will be enriched by live demonstrations of the [ICS-C](#) prototype and [TCS](#) Services.

During the third and last day, on the 27th September 2019, relevant experts, scientists, representatives of international initiatives and Research Infrastructure will be invited to share experiences and practices on data interoperability and FAIRNESS. The ambitions is to discuss practices and existing gaps between principles and practices.

The goal is also to discuss services implemented and operated by Research Infrastructures in order to better understand how to federate them in broader pan-European frameworks.

Information about the programmes of the days will be circulated soon. Stay tuned!
