

EPOS @ ORFEUS regional workshop 'EIDA and the Balkans' in Belgrade, Serbia 6-7 June 2019

Orfeus

Date:

Tuesday, May 14, 2019 - 11:45

ORFEUS is organizing a **regional workshop in the Balkan area** to foster seismological data exchange through the European Integrated Data Archive (EIDA) within ORFEUS.

The workshop will take place in Belgrade, Serbia, on June 6-7, 2019.

This workshop aims at facilitating the integration of regional data in current or new EIDA nodes by discussing technical and operational challenges.

ORFEUS team encourage participants from Serbia, Croatia, Bosnia / Hercegovina, Montenegro, Albania, Kosovo, Bulgaria, Macedonia and Armenia to participate.

This workshop is kindly supported by the EU H2020 project SERA. The EPOS community will attend the event.
