

EPOS @EUREF 2019 Symposium in Tallinn, Estonia, 22-24 May 2019

Date:  
Friday, May 17, 2019 - 09:30

EUREF, the International Association of Geodesy (IAG) Reference Frame Sub-Commission for Europe, is organising the EUREF 2019 Symposium in Tallinn, Estonia from Wednesday, May 22, 2019 to Friday, May 24, 2019 at the Nordic Hotel Forum.

A half day tutorial “Transformations Using PROJ” will be held on the 21st of May in the premises of the Land Board.

The event brings together top level geodesy specialists in Europe and some of the key players in the industry providing a great opportunity for interesting presentations, discussions and face-to-face connections in a friendly atmosphere.

For further details and registration, please visit [the event’s webpage](#).
