

AGU 2019 Fall Meeting – session IN017 - Communities, Tools and Policies that Enable Integration of Earth, Space and Environmental Science Data and Cyberinfrastructures

Date:  
Thursday, July 25, 2019 - 14:30

EPOS would like to draw the attention to the AGU 2019 Fall Meeting session n. IN017 entitled *Communities, Tools and Policies that Enable Integration of Earth, Space and Environmental Science Data and Cyberinfrastructures* inviting to submit an abstract within the 31<sup>st</sup> of July 2019.

The next Fall meeting of the American Geophysical Union will be organised from the 9<sup>th</sup> to the 13<sup>th</sup> of December 2019, in San Francisco, USA and it will be the AGU 100-year celebration.

The Primary Convener of the session is Erin Robinson Foundation for Earth Science and Conveners are: Helen Glaves , British Geological Survey; Yasuhiro Murayama, Integrated Science Data System Research Lab. and Lesley A Wyborn , Australian National University.

Papers are solicited ranging from those building community specific systems to those trying to resolve the challenges of internationally linking multiple communities to create globally networked environments that share common solutions for more efficient and effective use of limited funding.

Session details and submission [at this link](#).
