[EPOS WP15 meeting in Postdam](#)

Tuesday, November 22, 2016 to Wednesday, November 23, 2016

Location:

Potsdam, Germany

On November 22th and 23rd 2016, the EPOS IP Working Package 15, [TCS Geological information and modelling](#) will organize its fourth internal meeting in Postdam (Germany) at GFZ headquarter.

The WP15 members will discuss various overarching topics such as WP15 [TCS](#) Architecture of services and its link with [ICS-C](#) and overall WP15 roadmap.

Parallel sessions will target:

- governance and financial aspects
- IT aspects regarding Boreholes and 3D/4D descriptive information interoperability.
