[EPOS TCS-ICS INTERACTION meeting at INGV in Rome \(Italy\), 4-6 June 2018](#)

Monday, June 4, 2018 to Wednesday, June 6, 2018

Location:

Rome, Italy

The EPOS [TCS-ICS INTERACTION](#) meeting will be organized by the IT experts and the [ICS](#) developers at the INGV headquarters in Rome the 4-6 June 2018 and it will involve the EPOS [TCS](#) communities: the [TCS Near Fault Observatories \(WP9\)](#), the [TCS Volcano observations \(WP11\)](#) and the [TCS Geomagnetic Observations \(WP13\)](#).

The purpose of this technical meeting is to enhance [TCS](#) data and metadata integration for [ICS](#) interoperability.

Other meetings will be scheduled for the other EPOS TCSs.

More [information](#) will be circulated soon.
